Fully Licensed LPCC, LADC, LICSW, LMFT

Description

We are seeking an LPCC, LICSW, LMFT, LADC to join our team!

Fully licensed therapist for an independent contractor for 20-25 hours per week. The position includes face-to-face, phone contact, and written correspondence. Some referrals provided.

This is an independently contracted position and compensation is 70/30 of billable hours. Because standard compensation for private practice is 60/40, the position requires that the candidate contribute minimal fees related to marketing on printed media such as brochures and business cards, and fees such as EHR, admin staff and answering service, etc. fees will be discussed at the interview.

Position Responsibilities

- Assess nature of clients' situations by interviewing and reviewing personal history
- Develop and execute individual treatment plans
- Determine appropriate milestones to gauge client progress
- Communicate client updates to all relevant parties
- Maintain accurate client documentation
- Establish open lines of communication for individuals with mental or emotional issues
- Facilitate referrals to other healthcare professionals and programs. Collaborate with additional treatment providers and placement agencies when necessary and make appropriate referrals to community as needed
- Perform ongoing assessment of client for risk to harm to self or others

Qualifications

- Previous experience in social work, counseling, or other related fields
- Compassionate and caring demeanor
- Ability to build rapport with clients
- Excellent written and verbal communication skills
- Familiarity with mental health resources
- Ability to build rapport with clients
- Work with ages 7 and up
- Knowledge of autism or ABA a plus

Clinician Responsibilities

Clinicians are responsible for maintaining their own Professional Liability Insurance. Clinicians must maintain license and CEU requirements. Must be able to be credentialed with insurance providers through the private practice group. Provider must be familiar with EHR and able to quickly adjust and learn to use it (training provided). Clinician must also be willing to respond to client contact through secure portal within 24 hours (this is required by insurance companies).

Benefits of Private Practice

Flexible hours Monday through Thursday, based on therapist availability. Laptop provided to use at the job site, but provider must be able to have access to
